Re: Review of Notice of Intention to Commence Large Mining Operations, Larson Limestone Company (Larson), Pelican Point Quarry Mine, M/049/011, Utah County, Utah

Dear Mr. Hardman:

The Division has completed its review of your latest response (received January 30, 1998), to the Division's September 29, 1997 technical review of your Notice of Intention to Commence Large Mining Operations (NOI-LMO) for the Pelican Point Quarry mine. After reviewing the information, the Division has a few remaining comments (see attached) which will need to be addressed before tentative approval may be granted. The comments are listed under the applicable Minerals Rule heading. Please format your response in a similar fashion.

If possible, please provide a written response to these comments by May 4, 1998. Thank you for your patience and continued cooperation in completing the permitting process for the Pelican Point mine. As always, if you have additional questions or need clarification, please don't hesitate to contact me, Tony Gallegos, Tom Munson, or Lynn Kunzler of my staff.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
